# Stanje na prašičerejskih kmetijah

Janja Urankar, Tina Flisar,  
Špela Malovrh, Milena Kovač

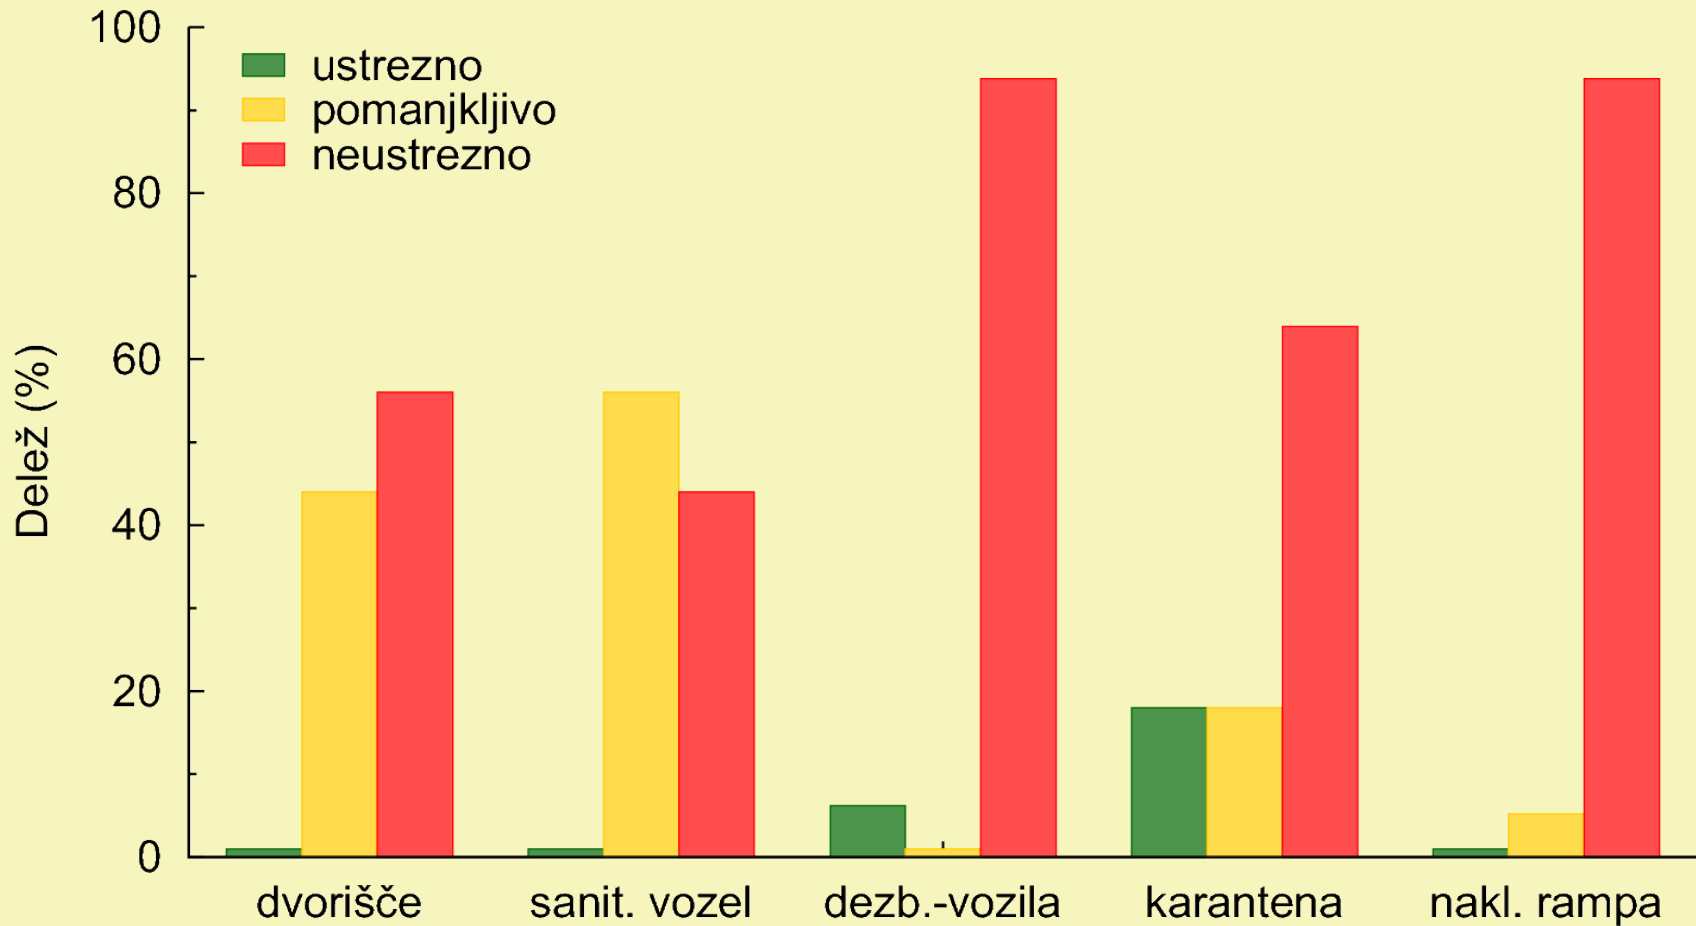

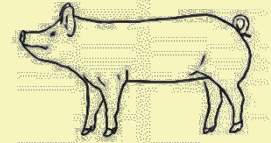

# Proizvodni rezultati

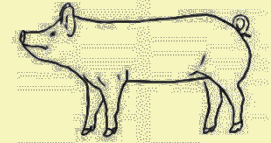

# Biovarnostni ukrepi

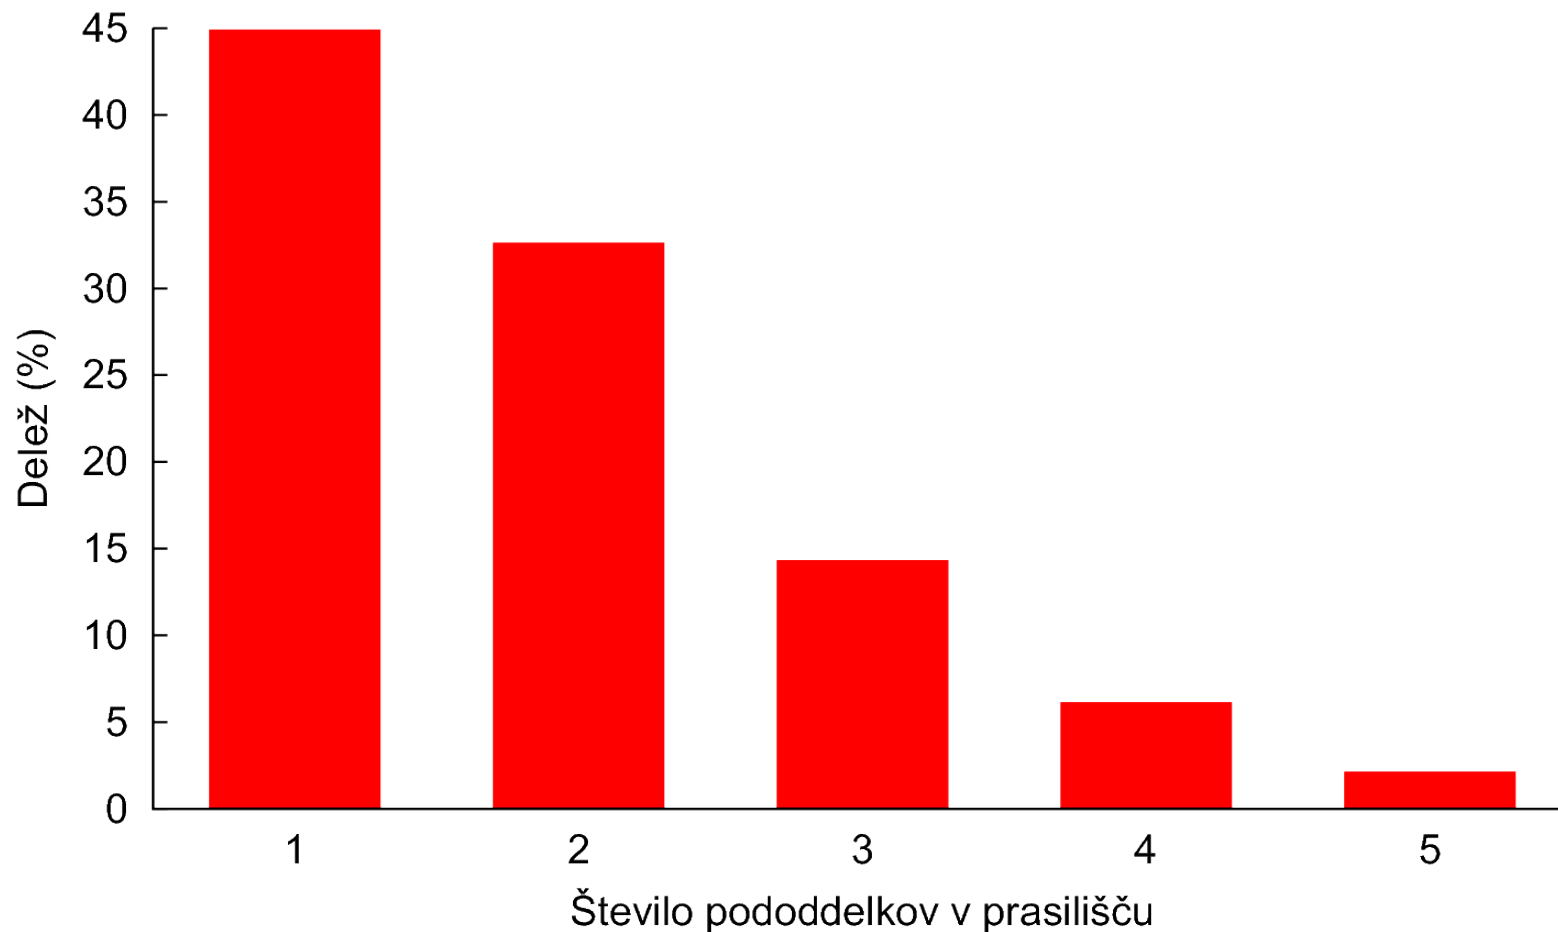

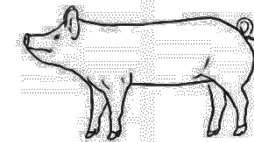

# Pilotne kmetije – zunanja biovarnost

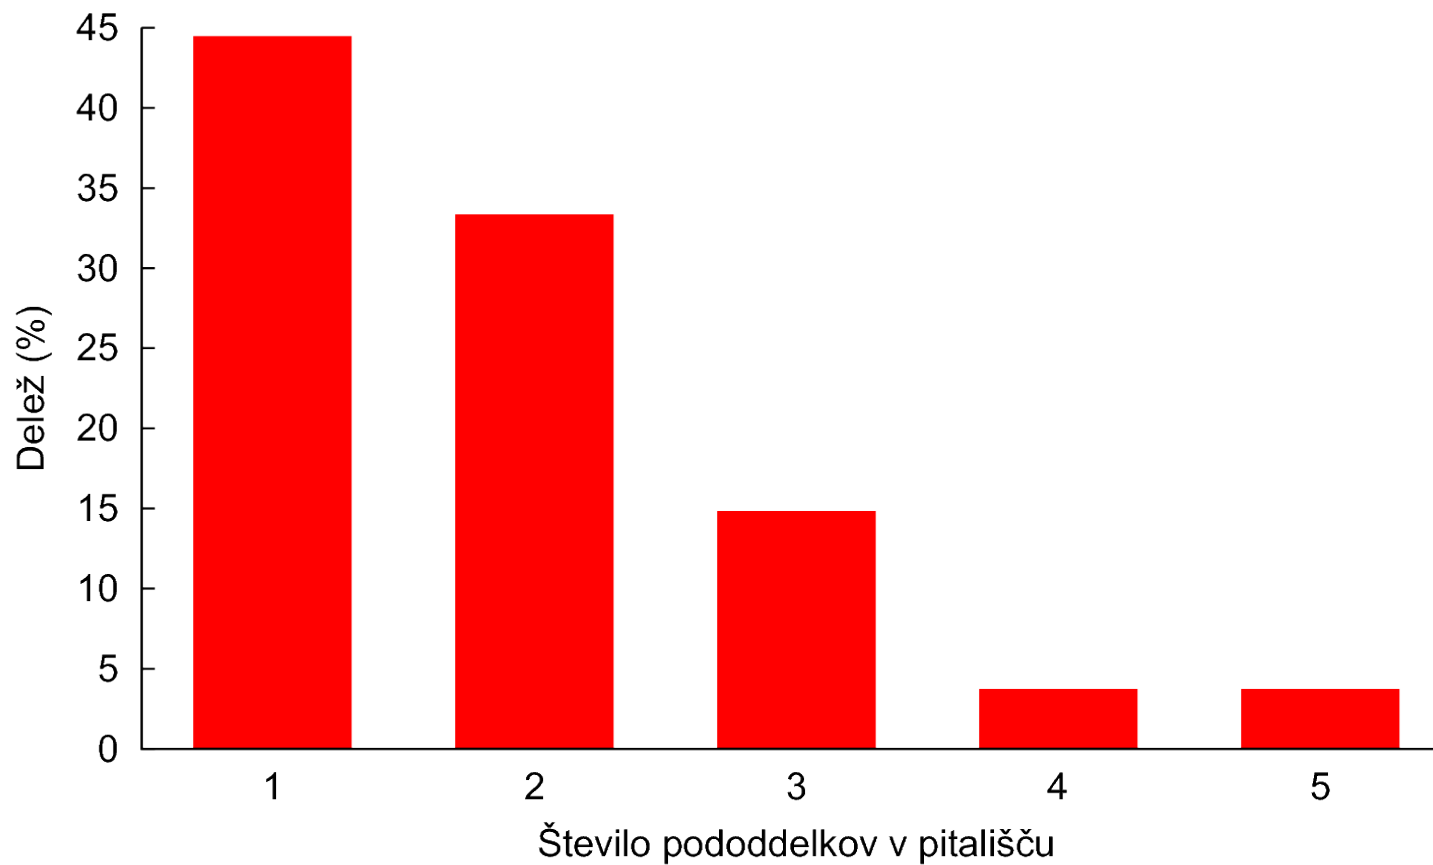

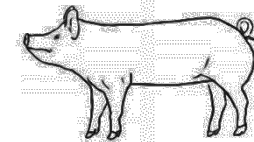

# Pilotne kmetije – notranja biovarnost

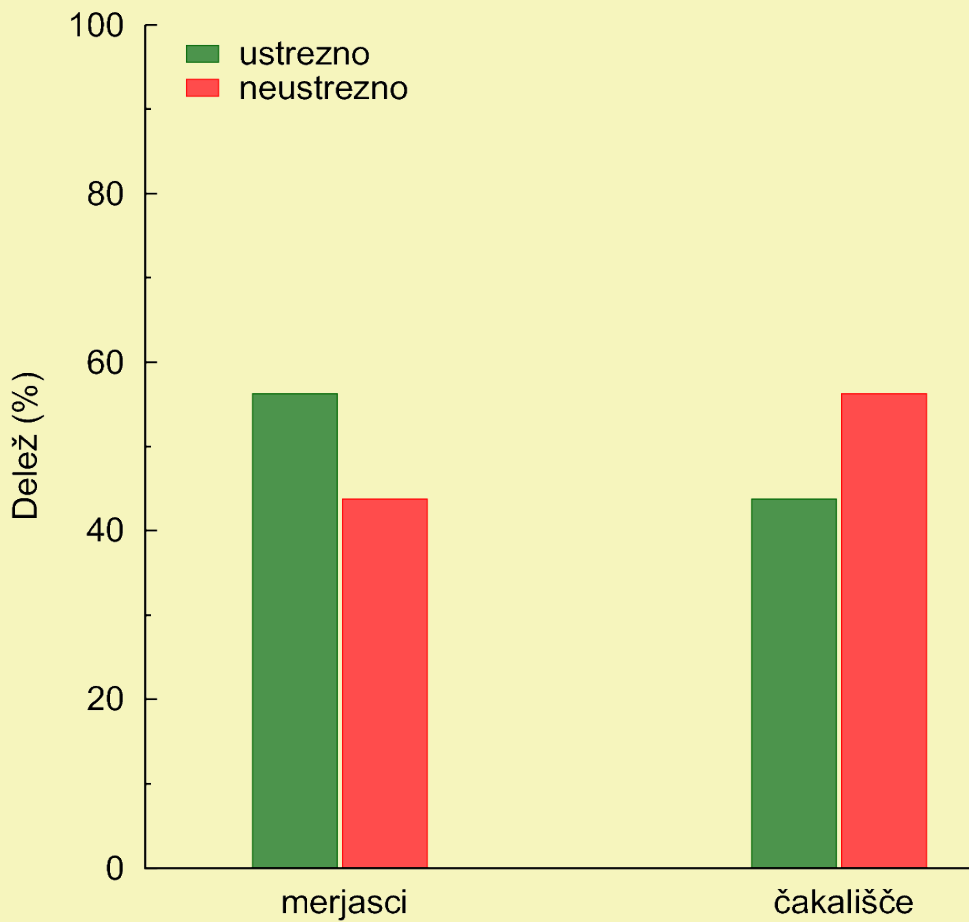

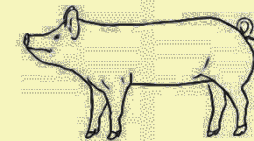

# Ureditev hleva - prasilišče

# Ureditev hleva - pitališče

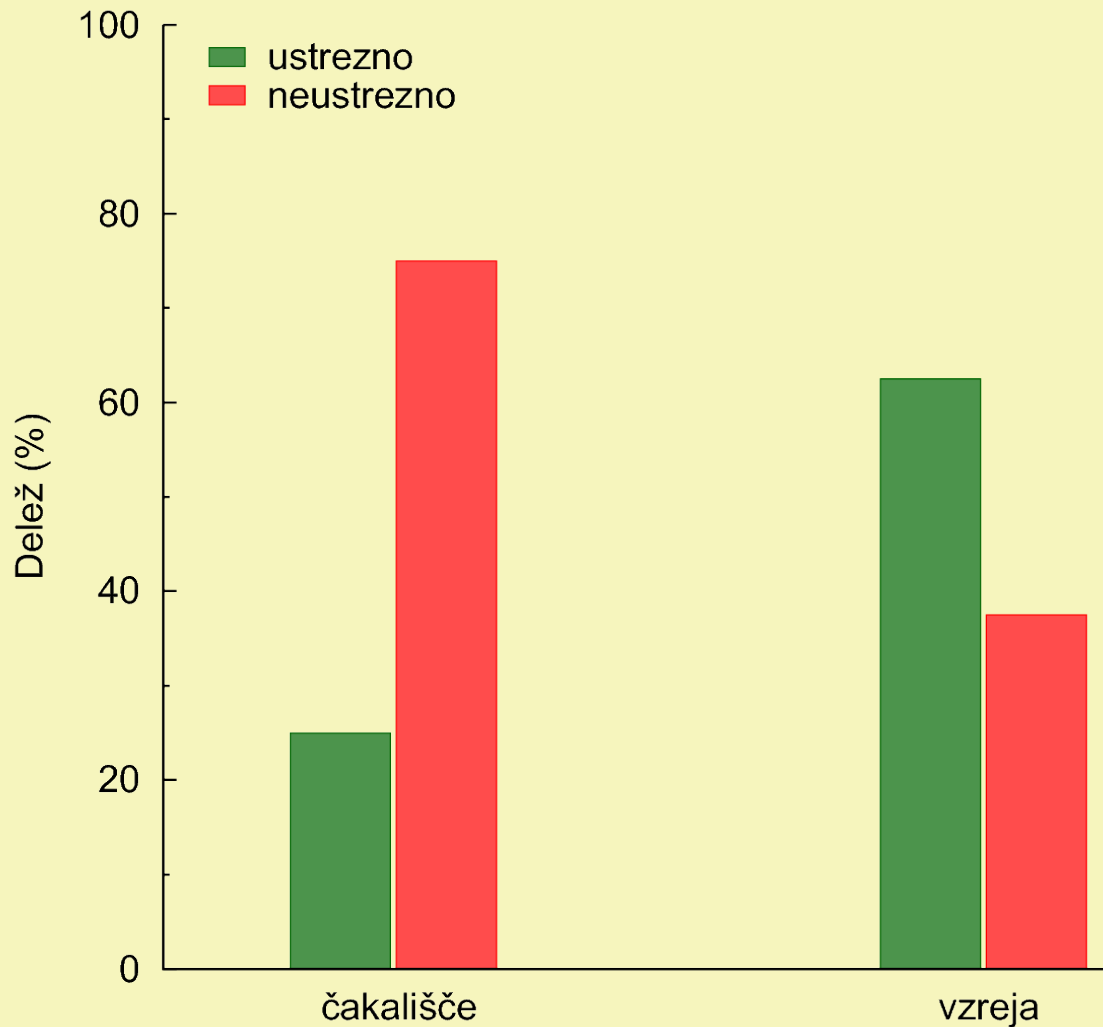

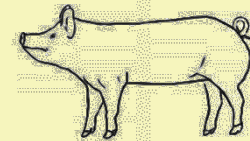

# Velikost kotcev

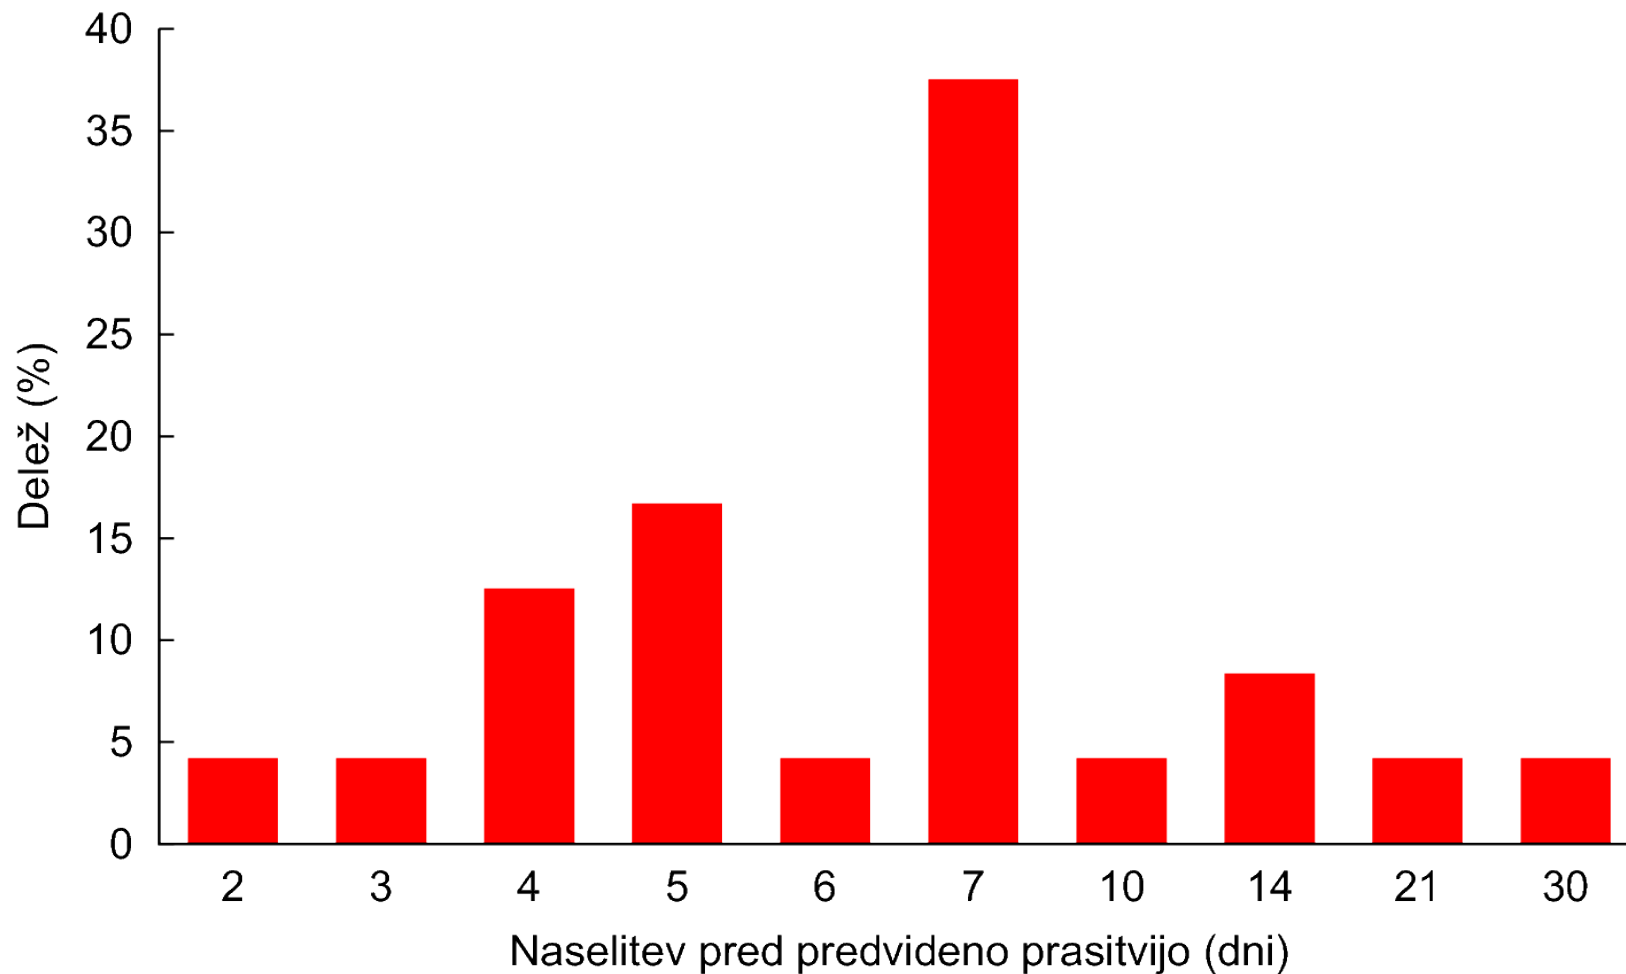

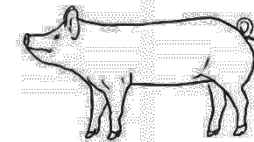

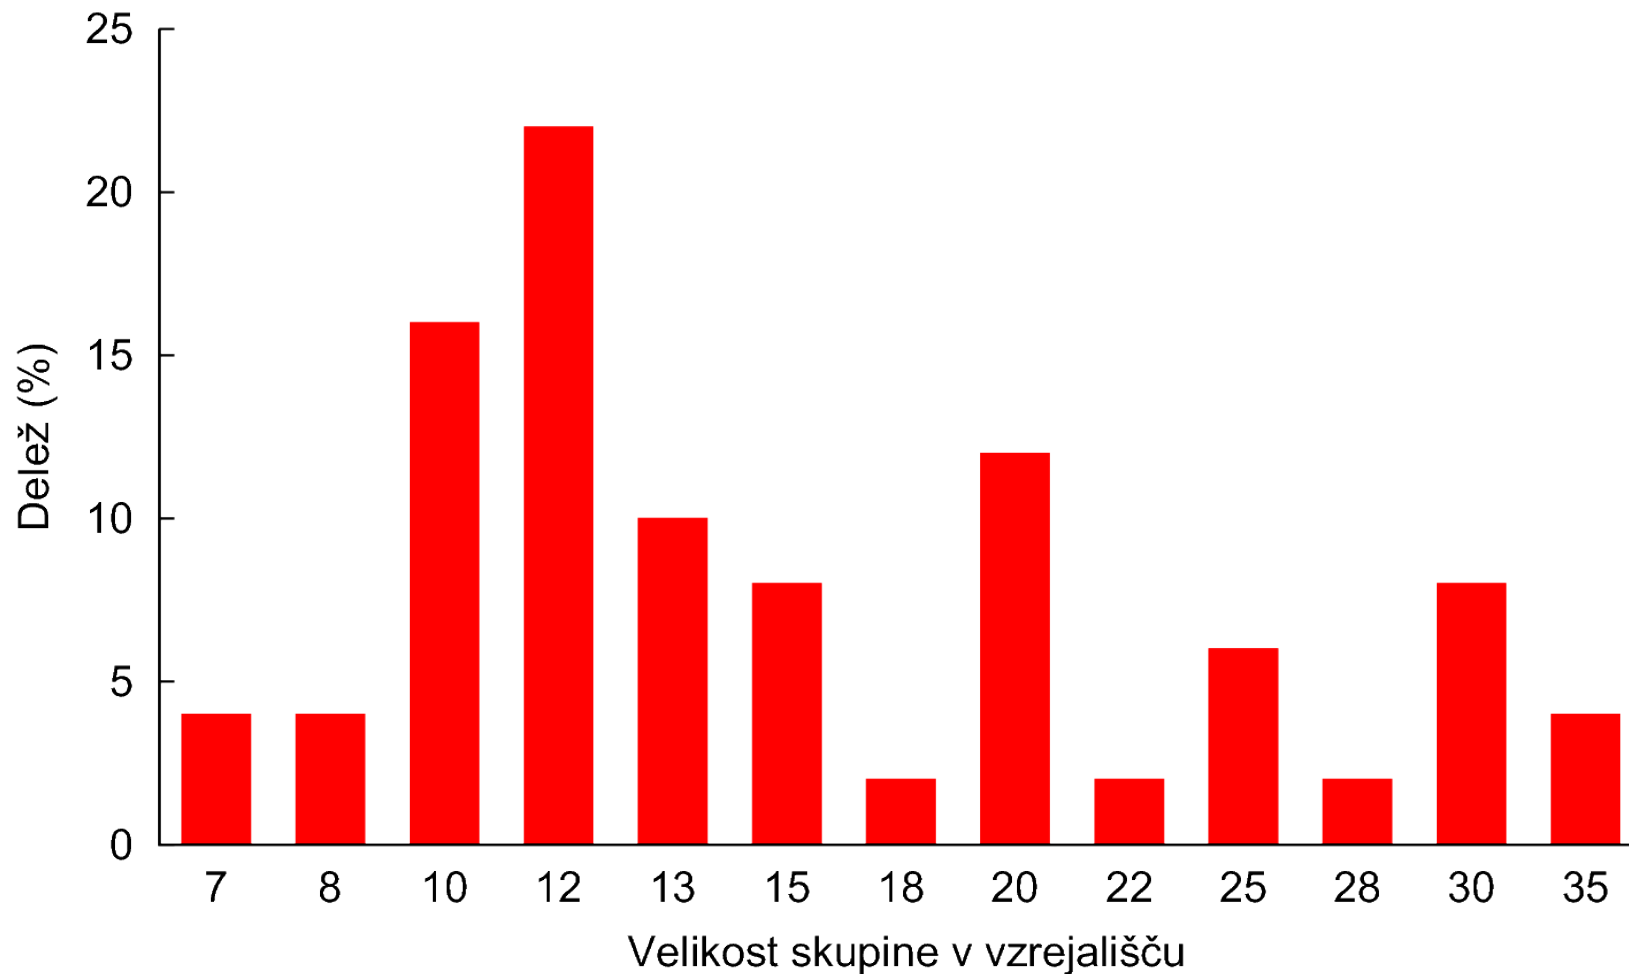

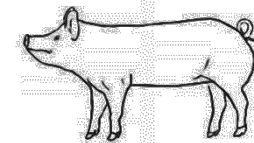

# Število stojišč

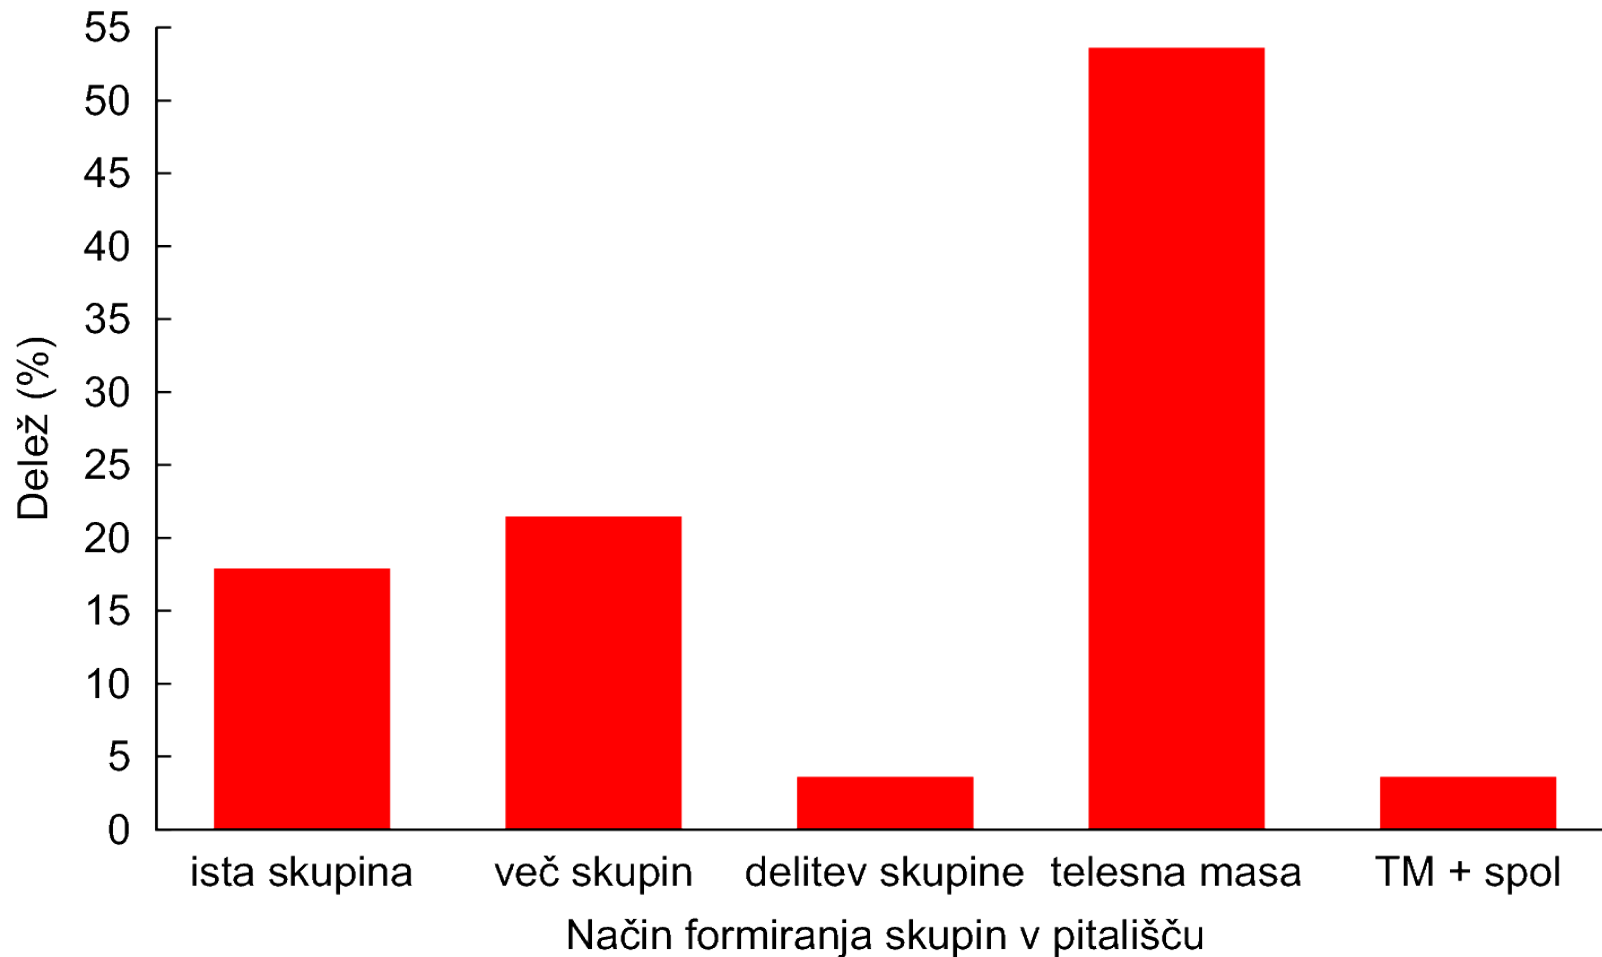

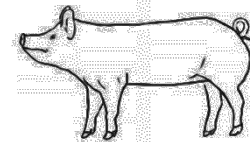

# Prasilišče – naselitev svinj

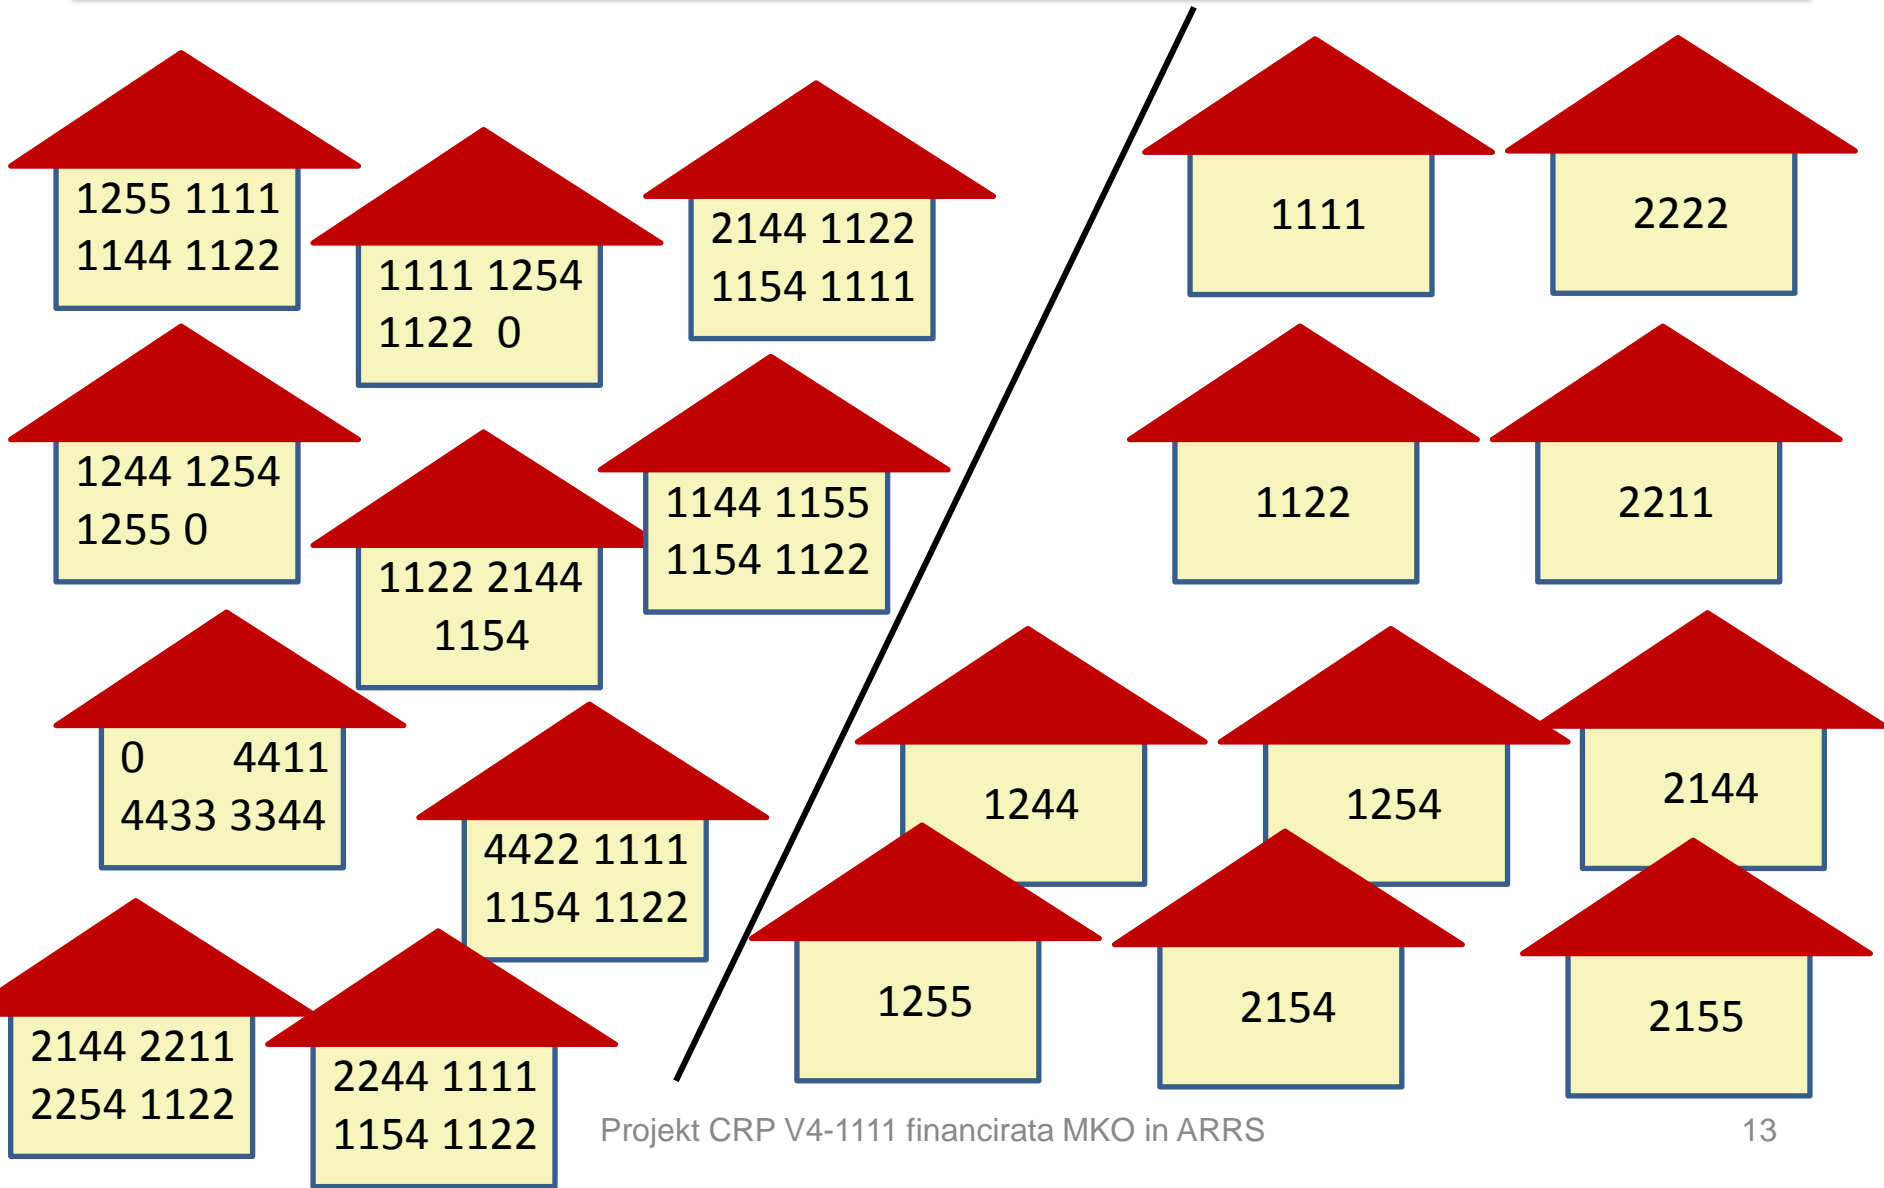

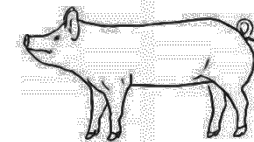

# Vzrejališče – velikost skupin

# Pitališče – način formiranja skupin

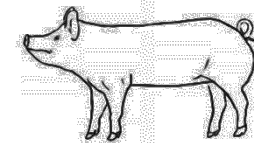

# Pasemska struktura

# Večja produktivnost

---

- Natančno izvajanje rejskih opravil
- Razporeditev dela (urniki opravil)
- Biovarnostni ukrepi
- Prehrana (sestava in količina obroka)
- Ureditev hlevov in kotcev (minimalni, optimalni pogoji)
- Starostna struktura črede
- Pasemska struktura črede in specializacija rejcev
- Povezovanje rejcev med seboj in v proizvodni verigi
